The Franciscos know how to make people happy. With the members of their own family, Dr. Harris and wife and Dr. Bowen were entertained at an elegant supper on Saturday evening. Fortunately they were caught in that interesting condition "without help," and the guests are still rejoicing in the fact. One of the guests says: "If young men know what they want, fair maidens as charming in the kitchen as in the parlor, they may be safely headed for that household and feasting for all time."

## Rheumatism.

Nobody knows all about it; and nothing, now known, will always cure it.

Doctors try Scott's Emulsion of Cod Liver Oil, when they think it is caused by imperfect digestion of food. You can do the same.

It may or may not be caused by the failure of stomach and bowels to do their work. If it is, you will cure it; if not, you will do no harm.

The way, to cure a disease is to stop its cause, and help the body get back to its habit of health.

When Scott's Emulsion of Cod Liver Oil does that, it cures; when it don't, it don't cure. It never does harm.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
